J6 Defendant Isaac Thomas

As we approach the 3rd anniversary of the January 6th protests on Capitol Hill, we must ask ourselves, how can we play a role in saving America from the communist regime that has taken over our nation? Over the last 3 years, hundreds of God-loving American patriots have been rounded-up by corrupt 3 letter agencies, denied due process, and thrown into gulags across the country.

Ashli Babbitt, one of four Trump supporters killed by police action at the protests on January 6, 2021.

We have had our families, our homes, and our careers taken from us. We have been deemed deplorable by nearly every mainstream news outlet in every state. We've received death threats; we've been called names and even been subject to violent attacks by correction officers and other inmates while incarcerated.

When will enough be enough? America is supposed to be the land of the free. The land of opportunity and prosperity for those who love their community ...and their country. So, how did our country turn into such a dark place where right equals wrong and good equals bad? The truth is, we all know the answer to that. Unfortunately, America has turned away from God and relied on corrupt politicians in Washington to save us. We allowed

some of the most critical leadership positions. We were distracted by advancing technology and unheard-of innovations, never stopping to think that these things could be used against us someday. Genetically Modified foods? Who cares... Electronic voting machines with access to the Internet? Makes it easier right? Artificial intelligence instead of natural intelligence? No big deal. The propaganda machines have brainwashed us into thinking that this is just the way things are. Things evolve, people evolve; that's just the reality of life.

But it's not. Many of these things were created and now they hurt us. They used the voting machines to steal an election. The "advancement" in medicine led to COVID-19 vaccines that are killing people. The worst part about it is that anyone who doesn't consent to this "new" way of life, anyone who doesn't play their sick game, is retaliated against and sometimes thrown into jail. They are excluded from society and deemed of lesser value. The God-loving patriots in the MAGA movement fall right into that category. We pose a threat to their hierarchy because we choose to bow down to a righteous God instead of a corrupt government.

There are millions of us. We love this country, and we won't let them steal it from us. This is why hundreds of thousands of people protested at the US Capitol on January 6th. We knew that Joe Biden and the establishment would launch an assault on America if they succeeded in stealing the 2020 election. The aftermath of January 6th was the establishment's first chance to take away our rights. The aftermath of January 6th was the establishments first chance to take away our country and make an example of anyone who opposed them by instilling fear into thousands of innocent American citizens. They have waged war on the true American patriots who love this country and would do anything to save it, and unfortunately, they are winning. They have way more manpower and unlimited resources than us since they use our tax dollars to fund their paychecks.

their time to help the j6ers and others who are being targeted by this radical regime. However, we still need your help. Many January 6th defendants like me are in desperate need of legal representation. The few attorneys we have for j6ers have found themselves overwhelmed with caseloads and are asking for help to take on cases. We are looking for dedicated, patriotic attorneys who love this country and are willing to step up to provide assistance to help us fight the legal battles we are facing.

If you are an attorney who is willing to step up and represent a January 6th defendant, please email. For more information, attorneys are a huge part of this battle, but everyday American citizens can also help us win this war. Below are some great organizations that have dedicated their everyday lives and talents to help secure freedom for those persecuted by this regime.

Please reach out to any of these organizations to see how you can play a part in saving America from its destruction.

I think it was pure SHOCK of the level of COMMUNIST Marxist's tactic's. And it CONTINUE'S to get worse daily. A lot of American's are completely un-aware we had a Communist coup. In 2020.

And to think about "fairness" in the grand scheme of things.....that chick-a-dude, Britney Greiner received a faster and far more fair trial for her actual lawbreaking in Russia. Let that sink in.....

Pray and send a few \$\$\$ for them, if you can. Have your household prepared with water and food for a couple of days. Living in the tornado zone, this is something we've done for decades. Now, we all can be prepared.

Well, how about you let a cop walk up and with no warning kill your sister in cold blood with no provocation, or maybe the cop chooses to kill your mother, or father, or child, or maybe it's your girlfriend? And the cop uses deadly force with no lawful justification and no warning while you're standing there having a good time and chatting. Then, if it should make you get angry and you dare to react by trying to stop the rogue cop from killing others, just remember that you will be breaking the law by physically touching the serial murderer wearing a badge. So, if that happens to you remember your words here today and abide by them, okay?

well, if a cop shot his sister that day, I'll let him slide for that one guy, but he still has to face the heat for any others he clobbered.

We saw how it would go, when "we the people" did not immediately inaugurate wall-to-wall million man marches, to drive our point -- protests against a criminal government -- home...

The J6ers were framed to discredit the movement to stop the ratification plot for the election which was stolen by conspiracy.

It's not silly

Ha, ha, no. It turns out it was all a silly misunderstanding. Congress is actually supposed to certify the winner of the election, and they all knew that wasn't Tum. It said so on the real news. All these pathetic clods had to do was stay home and be normal and they would have been fine. Most of them will get out someday. though. So it's still okay.

“ Congress is actually supposed to certify the winner of the election”

‘Certifying’ the ‘winner’ of a fraudulent election is unconstitutional. It’s also an insurrection against the United States. The J6 demonstrators were protesting against the insurrectionists in the House chamber who were ‘certifying’ a criminal who had just staged a massively fraudulent election. All of those involved in that ‘certification’ should be indicted for insurrection against the United States.

The violence at the Capitol on Jan 6 was a false-flag operation planned and stage-managed by the Capitol authorities and the FBI to create a fake narrative that Trump supporters had tried to stage an ‘insurrection’. The false-flag operation included the planned murder of an unarmed Trump supporter. Justice will not be served until all those involved in planning

Asm Dabbitt, are brought to trial.

Nonsense, technically, the Constitution doesn't even require the states to pick the winner of basis of the election results (though they did), that's a matter of their own state laws, only that they certify him, which they did, at which point Congress' only job is to count the votes and announce the winner, which they did. The end.

Nah, in Communists countries, if you attack the seat of government while the legislative body is in session, nobody ever sees you again. Not for a few days or weeks because you still won't stop acting stupid, nobody sees you again, ever. That's one of the ways people who aren't idiots know we aren't living in one.

Start off the New Year right by cutting off the RNC, just stop supporting it. There's only one difference between the RNC and the DNC.....the first letter. And the R stands for RINO.

Before the tyrants in DC tear it up and throw it away, here is a reminder:

In Congress, July 4, 1776

The unanimous Declaration of the thirteen united States of America, When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, --That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to

Wanting to see the anti-American vermin of January 6 punished to the fullest extent of the law shouldn't be a left or right issue. and it isn't in civilized society. That's why you will never hear any real Republican say one word in defense of such human rubbish.

Most of the J6ers were innocent, and at worst, committed trespassing. Some did assault police officers, but there weren't that many that did. The FBI had busloads of assets trying to rile up the crowd. I am waiting for the crooked politicians like Pelosi, who purposely withheld additional security on J6, to be held accountable. The BLM and Antifa criminals got away with much worse damage and murder. As far as the RINOs, they are folding and quitting. Good riddance. Like I said, take your left-wing anti-American mouth somewhere else, VERMIN.
